Do You Remember The Old Corn Doctor?

He stood on the street,
in the olden days, and offered a "magic corn cure."

The same ingredients,
harsh and inefficient, are sold in countless forms today.

But they did not end
corns, and they do not now. Nor does padding, nor does paring—methodolder still.

The One Right Way

Modern scientists in the Bauer & Black laboratories have evolved a perfect method and embodied it in Blue-jay.

In 48 hours, while the corn is forgotten, Blue-jay completely ends it, and forever. Hardly one corn in ten needs a second application.

The way is sure. It is easy, pleasant, scientific. Quite old-fashioned methods. Try Blue-jay on one corn—tonight.
